We know that the covid-19 epidemic that has occurred during the time we have not been able to meet you has brought about many changes in your lives.

Our activities have also been affected by various restrictions and difficulties, but we have never let go of the hands of those in need of assistance. New crises, such as the invasion of Ukraine and the Syrian-Turkish earthquake, have increased the importance of humanitarian medical assistance. In response to this situation, this year we are asking for your further cooperation in making a donation when you join this special event.

We look forward to seeing you again on the occasion of our “-Soirée de Gala 2023- A Night for the Benefactors of Doctors of the World Japan” on September 21st.

Warm regards,

Gaël Austin
President of Doctors of the World Japan
